

Troop 19 Web Permission Form

The Troop 19 Web Site includes the troop calendar, recent and upcoming events, troop information and links to scouting related sites. We are looking for scouts to help us with the Troop history, awards page and anything else the scouts decide they want to put on their pages. Troop 19 respects the right to privacy of each of our scouts. Therefore we need parental/guardian permission so that we may include the following information on the troop web site.

Please print this form, fill it out and return it to the Troop 19 web master (Mr. D) at any Troop meeting.

For my son, _____

(mark **do** or **do not** for each line)

I do / do not give permission for my son's first name and last initial (eg. Rusty H.) to appear on the Troop 19 Web Site.

I do / do not give permission for a picture of my son to appear on the Troop 19 Web Site either individually or in a group. Scouts will not be identified by name if they appear in a picture.

Granting permission to any of the above does not constitute an obligation on the part of Troop19 to include the associate information on the web site.

A request to revoke permission once it is granted should be made using this form submitted to the Troop 19 web master (Mr. D) at any Troop meeting.

Parent or Guardian Signature

Parent or Guardian name (please print)

Date

Please print this form, fill it out and return it to Mr. D at any Troop meeting.
